REALME GT 6

“THE SMART SYSTEM FOR TODAY’S GENERATION”

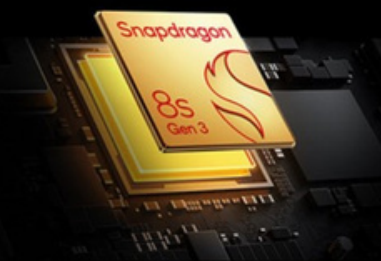

- 144Hz AMOLED display
- GT6 provides buttery-smooth visuals

₱ 29,999.00

Processor:
Snapdragon® 8s Gen 3 Chipset
CPU: TSMC 4nm Process,
Qualcomm Kryo CPU @3.0GHz
GPU: 4nm Process

Qualcomm
Snapdragon®
8s Gen 3

- 120W SUPERVOOC Charge
Includes a 11V/11A Charging Adaptor
USB Type-C Port
- 5500 mAh (Typical) Massive Battery
- 2*2750mAh(typ) equivalent to 5500mAh
battery capacity
2*2680mAh(min) equivalent to 5360mAh
battery capacity

The fastest charging speed in its class.

120W Gallium Nitride Charger

Powered by 120W full-GaN charging tech and the SUPERVOOC S Power Management Chipset, the GT 6 brings fast heat dissipation while also offering high-powered charging and high energy efficiency.

10 Minutes

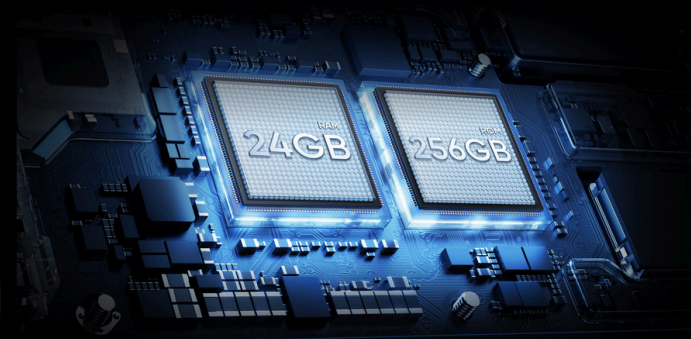

Charge to 50%

1,600 Cycles

Full charge cycles with over 80%
battery health.

SUPERVOOC S

Power Management Chipset

Memory & Storage:

- RAM: 12GB LPDDR5X
- Storage: 256GB Overlocked UFS 4.0
- Configuration: 12GB + 256GB
Massive Storage
- Expandable Storage: No (Not
mentioned, assuming non-
expandable)

COLOR:

- FLUID SILVER
- RAZOR GREEN

See the full beauty of the night.

AI Night Vision Mode⁵

realme GT 6

Others

The industry's most advanced night algorithm combines with the largest camera sensor in the segment, for ultra-sharp and precise details even at night. You no longer need to feel limited by your camera when the lights go out.

Illuminate everything.

50MP Sony LYT808 OIS Camera

With a larger sensor size at 1/1.4, the GT6 opens up the best night performance ever in its class.

In-Display Fingerprint Scanner

Safe and Fast

Tactile Engine Pro

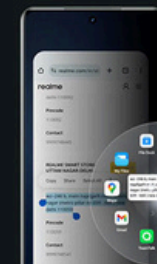

High-Quality Gaming Haptics

Always one step ahead.

AI Smart Loop⁵

AI Smart Loop recognizes the content you long-press, predicts your intent, and provides precise recommendations for the next step. When long-pressing a text message for a hotel reservation, for instance, you'll get suggestions for maps to take you to the destination.

Any moment can be perfect.

AI Smart Removal⁵

Removing unwanted objects is now the easiest step in the photo editing process. With AI Smart Removal, you have the power to make every shot a perfect shot.

GT is Back

Flagship Processor

Redefine the limits of performance.

realme's
Brightest Display¹

Mesmerizing visual immersion.

Excellent Imaging

See everything in the dark.

Power Meets AI

Unprecedented AI-Powered Experience.

360° NFC¹⁰

Seamless Swiping

Hi-Res Dual Stereo Speakers

Immersive Experience

See the full beauty of the night.

AI Night Vision Mode⁵

realme GT 6

Others

The industry's most advanced night algorithm combines with the largest camera sensor in the segment, for ultra-sharp and precise details even at night. You no longer need to feel limited by your camera when the lights go out.

Intelligent Infrared Remote Control

Streamlined device control

IP65 Dust and Water Resistance

Reliable protection
